The new Solar Farm at Welton Plains has been connected to the Grid. One of the conditions of the permission for this development is that an annual payment has to be made for the benefit of the community i.e. Dalston Parish.

The amount of this payment is £4,900 and the Trust has been asked to be responsible for the administration and distribution of this to local organisations. It is anticipated that the first payment will be received shortly and applications are therefore invited from organisations in the Parish outlining how they could make use of a share of these funds if an award was made to them.
