

St Michael's School, Dalston

**DO NOT USE PLAY
EQUIPMENT OR GAZEBO.
THANK YOU**

Over this week, from 25th May we have been trying to get the school ready to reopen and have been putting in measures to keep our children and staff as safe as possible. This has meant that it is necessary to rope off the play equipment and gazebo and ask members of the public not to use them at this time by putting up signs.

On Friday morning we have discovered the signs and tape have all been ripped down and the area is strewn with empty bottles, packets and chip wrappers. Not only does this mean the area could now potentially be unsafe and will have to be thoroughly cleaned, but also it creates more work to be done before Monday 1st June at this already very busy time.

Please could you take notice and if you see any members of the public in this area **phone 01228 711544.**

Thank you.

Julie Paisley

Head

St Michael's School
