Re: Carlisle Southern Link Road – Night works at Newby West

Dear Resident,

We are working on behalf of Cumberland Council on the Carlisle Southern Link Road project, and wanted to inform you about upcoming evening works which may affect you. We are planning to undertake night works around Newby West roundabout **week commencing 25<sup>th</sup> November**.

During the evenings of this week, there will be increased construction activity around the roundabout area between **20:00 and 06:00**. These works will include the removal of some of the temporary barriers along the carriage way and some surfacing works. We anticipate that these works will take 5 nights to complete.

The timings of these works have been carefully planned to be undertaken during quieter periods to minimise as much disruption and inconvenience as possible. We are conscious of the late hour and will do our best to keep any additional noise to a minimum. We are utilising temporary 4-way traffic lights at the roundabout to enable the works to be carried out safely and securely. Some delay to traffic may be experienced during these hours.

We apologise for any inconvenience caused and appreciate your understanding whilst we carry out these works.

If you have any concerns or require additional information, please contact the Carlisle Southern Link Road Project Team via email on [carlisesouthern.linkroad@cumbria.gov.uk](mailto:carlisesouthern.linkroad@cumbria.gov.uk).

Yours sincerely,

Rebecca Wood  
Stakeholder & Communications Manager
