

Dalston Tennis Club

Dalston Tennis Club has been advised by the Lawn Tennis Association to cease organised activities such as coaching and tournaments for the time being.

Coaching

Therefore our very popular junior and senior coaching will not be commencing as usual. If we are able to start up, we will let people know.

Using the Tennis Courts

Until we receive Government or LTA guidance to the contrary, our courts will remain open to members for private use at their own risk. Outdoor activities for those that are Coronavirus free or not self-isolating, are surely a good thing, therefore members are free, at their own risk, to carry on playing.

However, we would ask members to be very mindful of the Social Distancing advice relevant to their circumstances and take all the recommended hygiene precautions such as hand washing and avoiding shaking hands! Please be aware that all materials touched by others e.g. court equipment, gate handles, tennis balls etc. could be contaminated and constitute a risk of infection if handled.

Thank you for your co-operation

**If anyone wishes to join the Club,
or for more information please contact
